

Shunkei Kakimoto

Department of Applied Economics, University of Minnesota
1994 Buford Avenue, Saint Paul, MN 55108
kakim002@umn.edu

RESEARCH INTERESTS	Economics of environmental and natural resources, Agricultural and environmental policy, Economics of production	
EDUCATION	<i>Ph.D., Applied Economics</i> University of Minnesota	Present
	<i>M.S., Agricultural Economics</i> University of Nebraska-Lincoln	2022
	<i>B.S., Agricultural Economics</i> Hokkaido University, Japan	2019
JOURNAL ARTICLES (Peer-Reviewed)	Mieno, T., Foster, T., Kakimoto, S. , and Brozović, N. 2024. Aquifer depletion exacerbates agricultural drought losses in the US High Plains. <i>Nature Water</i> , 1-11.	
	Kakimoto, S. , Mieno, T., Tanaka, T. S., and Bullock, D. S. 2022. Causal forest approach for site-specific input management via on-farm precision experimentation. <i>Computers and Electronics in Agriculture</i> , 199, 107164.	
Outreach and Extension Publications	Jayasekera, D., Mieno, T., and Kakimoto, S. 2026. “The Effectiveness of Wellhead Protection Areas on Groundwater Quality: Evidence from Nebraska.” Department of Agricultural Economics, University of Nebraska–Lincoln. April 1.	
WORK IN PROGRESS	Jayasekera, D. H., Mieno, T., and Kakimoto, S. “Groundwater quality implications of wellhead protection areas: Evidence from Nebraska“	
	Gallagher, N. and Kakimoto, S. “The Ag-Response Model: For Analyzing Nitrogen Use and Best Management Practice Adoption by Minnesota Crop Farmers”	
TEACHING EXPERIENCE	Instructor, University of Minnesota	
	Introduction to R Statistical Analysis Software	Summer 2024
	• This course was hybrid. It is designed for internet-based learning management systems. The course website is available here .	
	Teaching Assistant, University of Minnesota	
	APEC 1101 - Principles of Microeconomics, Undergraduate APEC 8211 - Econometric Analysis I, Ph.D. APEC 8212 - Econometric Analysis II, Ph.D. APEC 8003 - Applied Microeconomic Analysis of Game Theory and Information, Ph.D. APEC 8004 - Applied Microeconomic Analysis of Social Choice and Welfare, Ph.D.	Fall 2023 - Fall 2024
	Teaching Assistant, University of Nebraska-Lincoln	Fall 2020, Spring 2022
	AECN 896-003 (Applied Econometrics, M.S.)	

WORK EXPERIENCE	<i>Graduate Research Assistant</i> <i>University of Minnesota</i>	2025 - present
	<i>Graduate Research Assistant</i> <i>Daugherty Water for Food Global Institute at University of Nebraska</i>	2021 - 2022
	• Studied the heterogeneous impact of groundwater allocation limits (quota) on groundwater use in Nebraska • Studied the impact of drought and policies on agricultural land values	
	<i>Graduate Research Assistant</i> <i>University of Nebraska-Lincoln</i>	2019 - 2021
	• Studied the application of a causal machine learning method to site-specific input management • Mentored undergraduate students through the thesis process	
SELECTED PRESENTATION	“Cost-effectiveness of a pay-for-performance cover-crop program: A case study of the Olmsted County Groundwater Protection and Soil Health Protection Program in Minnesota“ at the Minnesota Water Resources Conference, St. Paul, Minnesota, 2026	
	“Size and the Nature of Measurement Error in Gridded Weather Datasets and its Consequential Estimation Bias in Regression Model: an Application to PRISM Datasets for the US Midwest Regions” at	
	• AAEA annual meeting in Denver, CO (July 2025) • AERE conference in Santa Ana Pueblo, NM (May 2025)	
	“Yield Response to Nitrogen in Agricultural Production Models” at AAEA annual meeting in Denver, CO (July 2025).	
	“Machine Learning Methods for Site-specific Input Management” at the conference on Farmer-centric On-farm Experimentation (October 2021)	
SEMINAR PRESENTATION	“Reproducibility Practice in Economics”	
	• Applied Economics Student Workshop Series, UMN, April 2026. The work materials are available here.	
	“Introduction to Making Presentation Slides with Xaringan”	
	• Applied Economics Student Workshop Series, UMN, April 2024	
SERVICE	Graduate Student Representative, Faculty search committee, UMN, APEC	Spring 2026
	Discussant for student seminar, UMN, APEC	Fall & Spring 2024
AWARDS AND FELLOWSHIPS	MNDrive Global Food Fellowship (Fall 2026 - Spring 2027) , College of Food, Agricultural and Natural Resource Sciences, UMN	
	CFANS Graduate Assistant Teaching Award (2025) , College of Food, Agricultural and Natural Resource Sciences, UMN	
	Teaching Assistant Award for 5000/8000 Level Classes (2023-2024) , Department of Applied Economics, UMN	
	Summer Scholarship (Summer 2023) , UMN	
	Graduate Fellowship (Spring 2023) , UMN	

Mary A. and Robert B. Litterman Fellowship (Fall 2022), UMN
Tomek Outstanding M.S. Student (Spring 2022), UNL

**ADDITIONAL
SKILLS**

Programming skills: Proficient in R, spatial data processing with R; Working knowledge of Julia, Python and STATA

Languages: Japanese (native), English (fluent)
